Subject: RE: Future work

Personally I would not hesitate in giving Abacus Construction a call as and when they give the instruction to proceed with future work.

All the staff at Stoberry Park School and my line manager Richard Hollocks are really happy with the work you carried out on Block TF & TB this summer. SW1 recently received an email letter from the school telling us how impressed they are with the external refurbishments. All those involved at Abacus Construction did an excellent job – so I'd like to say thank you !!

Kind regards

Mark Burrow

Building Surveyor (Property and FM)
